TORONTO - Catholic network Salt + Light is launching in high definition on June 4 after recently moving to its new broadcast centre and studio in Toronto.

Produced and operated by Salt and Light Catholic Media Foundation, the channel offers programs, event coverage, documentaries and other hope-filled content of relevance to Catholic viewers in both English and French, as well as select Chinese and Italian language programming.

Telus, Bell and Tbaytel are among the BDUs offering Salt + Light HD.

"We are thrilled to finally have enough support to make this important change and deliver on our viewers' expectations of quality programming," said Fr. Thomas Rosica, CSB, CEO of Salt and Light Catholic Media Foundation, in the news release. "In addition to launching in HD, we will also have a new lineup of original, beautiful programming that will be announced over the coming few months."
